

Shawn's Story

...Shawn is an employee in our OutSource Manufacturing division, and enjoys his job. He does everything from assembling automotive boots, packaging, and small kitting jobs, but his favorite job is cutting boxes. "This job helps me get money to buy the things I want, like CD's," Shawn says. Through Pathfinder Services Shawn is able to work with our OutSource Manufacturing division during the day and live in one of our eleven group homes at night.
