

The following things are needed for the Early Head Start application:

1. **Age Verification** May include: birth certificate or Hoosier Healthwise card
2. **Proof of Family Income & Proof of work and/or school hours.**

If family is receiving TANF, SSI, or if applying for a foster child, verification would include a statement confirming that you are a recipient of such benefits.

If you are not receiving TANF, SSI, or the child is not a foster child, then **we will need to see verification of your family's gross income.** Verification may include: Individual Income Tax Form (copy of 1040), W-2 forms, pay stubs (at least 1 month) or a written statement on company letterhead confirming your gross income for the past month, unemployment benefit information, child support documentation, social security benefit statement, college financial aid award letter verifying college scholarships / grants.

All family income must be reported and turned in for the application to be processed. For example, if a parent is working and receiving child support, verification for both must be provided.

If a family is attending school, a current school schedule is needed to verify current school credit hours in addition to paperwork verifying school scholarships and grants.

3. **Immunization (Shot) Record**
4. **Documentation of Disability or Special Need (if applicable)**

If you have any questions about completing this application, need assistance or have any questions about documents necessary to accompany it, please contact Natalie Brautigam, Family Resource Coordinator at Pathfinder Kids Kampus 260-356-0123.
