This notice applies to all of the records of your care generated by Pathfinder Services, Inc. Other Health Care Rehabilitation Facilities may have different policies or notices regarding use and disclosure of your medical information.

This notice will tell you about the ways in which we may use and disclose medical information about you. We also describe your rights and certain obligations we have regarding the use and disclosure of medical information.

HOW WE ARE REQUIRED BY LAW TO DISCLOSE MEDICAL INFORMATION ABOUT YOU

As Required By Law. We will disclose medical information about you when required to do so by federal, state or local law.

To Avert a Serious Threat to Health or Safety. We will use and disclose medical information about you when we have a "Duty to Report" under state or federal law, because we believe that it is necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat.

Public Health Risks. We will disclose medical information about you for public health reporting required by federal or state law. These activities generally include the following:

- to prevent or control disease, injury or disability;
- to report births and deaths;
- to report child abuse or neglect;
- to report reactions to medications or problems with products;
- to notify people of recalls of products they may be using;
- to notify a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition;
- to notify the appropriate government authority if we believe a Client has been the victim of abuse, neglect or domestic violence. We will only make this disclosure if you agree or when required or authorized by law.

Health Oversight Activities. We will disclose medical information as required by law to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes. If you are involved in a lawsuit or a dispute, we will disclose medical information about you when properly ordered to do so by a court.

Law Enforcement. We will release medical information if asked to do so by a law enforcement official, and if permitted by law:

- In response to a court order;
- If required by state or federal law;
- To identify or locate a suspect, fugitive, material witness, or missing person;
- About the victim of a crime if, under certain limited circumstances, we are unable to obtain the person's agreement;
- About a death we believe may be the result of criminal conduct;
- About criminal conduct at a Pathfinder Services, Inc. facility; and
- In emergency circumstances to report a crime; the location of the crime or victims; or the identity, description or location of the person who committed the crime.

Protective Services for the President and Others. We will disclose medical information about you to authorized federal officials so they may provide protection to the President, other authorized persons or foreign heads of state or conduct special investigations.

HOW WE MAY USE AND DISCLOSE MEDICAL INFORMATION ABOUT YOU.

The following categories describe different ways that we use and disclose medical information. For each category of uses or disclosures we will explain what we mean and try to give some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

For Treatment. We may use medical information about you to provide you with medical treatment or services. We may disclose medical information about you to doctors, psychologists, nurses, social workers, therapists, technicians, medical students, or other Pathfinder Services, Inc. personnel who are involved in taking care of you. Different departments of Pathfinder Services, Inc. also may share medical information about you in order to coordinate the different things you need. We also may disclose medical information about you to people outside

Pathfinder Services, Inc., such as other health care providers involved in providing medical treatment for you and to people who may be involved in your medical care, such as family members, clergy or others we use to provide services that are part of your care.

For Payment. We may use and disclose medical information about you so that the treatment and services you receive at Pathfinder Services, Inc., or other health care providers from whom you receive treatment, may be billed to, and payment may be collected from, you, an insurance company or a third party. For example, we may need to give your health plan information about treatment you received at Pathfinder Services, Inc. so your health plan will pay us or reimburse you for your treatment. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.

For Health Care Operations. We may use and disclose medical information about you for Pathfinder Services, Inc. operations or to another health care provider or health plan, if you have a relationship with that health care provider or health plan. These uses and disclosures are necessary to run Pathfinder Services, Inc. and make sure that all of our Clients receive quality care. For example, we may use medical information to review our treatment and services and to evaluate the performance of our staff in caring for you. We may also combine medical information about many Clients to decide what additional services Pathfinder Services, Inc. should offer, what services are not needed, and whether certain new treatments are effective. We may also disclose information to doctors, social workers, therapists, nurses, psychologists, technicians, medical students, and other personnel for review and learning purposes. We may also combine the medical information we have with medical information from other Health Care Rehabilitation Facility's to compare how we are doing and see where we can make improvements in the care and services we offer. We may remove information that identifies you from this set of medical information so others may use it to study health care and health care delivery without learning who the specific Clients are.

Appointment Reminders. We may use and disclose medical information to contact you as a reminder that you have an appointment for treatment or medical care at Pathfinder Services, Inc..

Treatment Alternatives. We may use and disclose medical information to tell you about or recommend possible treatment options or alternatives that may be of interest to you.

Health-Related Benefits and Services. We may use and disclose medical information to tell you about health-related benefits or services that may be of interest to you.

Fundraising Activities. We may use limited information about you to contact you in an effort to raise money for Pathfinder Services, Inc. and its operations. This includes disclosure of information to the Pathfinder Foundation so that it can help raise money for Pathfinder Services, Inc. We will only release contact information, such as your name, address and phone number and the dates you received treatment or services at Pathfinder Services, Inc. If you do not want Pathfinder Services, Inc. to contact you for fundraising efforts, you must notify the Strategic Development Officer in writing.

Individuals Involved in Your Care or Payment for Your Care.

We may release certain limited information about you to a friend or family member who is involved in your medical care. We may also give information to someone who helps pay for your care. We may also tell your family or friends your condition. In addition, we may disclose medical information about you to an entity assisting in a disaster relief effort so that your family can be notified about your condition, status and location.

Research. Under certain circumstances, we may use and disclose medical information about you for research purposes. For example, a research project may involve comparing the health and recovery of all Clients who received one medication to those who received another, for the same condition. All research projects, however, are subject to a special approval process. This process evaluates a proposed research project and its use of medical information, trying to balance the research needs with Clients' need for privacy of their medical information. Before we use or disclose medical information for research, the project will have been approved through this research approval process, but we may, however, disclose medical information about you to people preparing to conduct a research project, for example, to help them look for Clients with specific medical needs, so long as the medical information they review does not leave Pathfinder Services, Inc. We may ask for your specific permission if the researcher will have access to your name, address or other information that reveals who you are, or will be involved in your care at the hospital.

SPECIAL SITUATIONS

Organ and Tissue Donation. If you are an organ donor, we may release medical information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.

YOUR RIGHTS REGARDING MEDICAL INFORMATION ABOUT YOU

You have the following rights regarding medical information we maintain about you:

We may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to medical information, under some circumstances you may request that the denial be reviewed. Another licensed health care professional chosen by Pathfinder Services, Inc. will review your request and the denial. The person conducting the review will not be the person who denied your request. We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, we may deny your request if you ask us to amend information that:

Your request must state a time period which may not be longer than six years and may not include dates before February 26, 2003. Your request should indicate in what form you want the list (for example, on paper, electronically). The first list you request within a 12 month period will be free. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

You also have the right to request a limit on the medical information we disclose about you to someone who is involved in your care or the payment for your care, like a family member or friend. For example, you could ask that we not use or disclose information about a specific treatment session you had.

We are generally not required to agree to your request. We are not required to agree to a request to restrict information unless it pertains to a health care service or item for which you (or someone on your

behalf who is not your health insurance provider) have paid in full. If we do agree, we will comply with your request unless the information is needed to provide you emergency treatment.

To request restrictions, you must make your request in writing to Pathfinder Services, Inc. In your request, you must tell us (1) what information you want to limit; (2) whether you want to limit our use, disclosure or both; and (3) to whom you want the limits to apply, for example, disclosures to your spouse.
